5. ORDER OF PLAY

Play is a 9 hole Stableford competition.

The stableford nature of the competition means that play is in fours - 2 players from each college. The School adult or Course Convenors will arrange this.

Each team score will be the aggregate of both the player's stableford points.

The basis of this scoring method is:

The hole done in 1 over par 1 points

The hole done in par 2 points

The hole done in 1 under par 3 points

The hold done in 2 under par 4 points

The hole done in 3 under par 5 points

However the potential points per hole are handicap adjusted.

If a player has a handicap of 36 (the maximum permitted) they are allowed 2 shots per hole over par.

36 handicap players allowed 2 shots per hole over par.

For hole done in 3 over par 1 point

For hole done in 2 over par 2 points

For hole done in 1 over par 3 points

For hole done in par 4 points

For hole done in 1 under par 5 points

18 handicap players - allowed 1 shot per hole over par.

For hole done in 1 over par 2 points

For hole done in par 3 points

For hole done in 1 under par 4 points

For handicaps "under" these examples, adjustments are made. The supervisor at your course will assist players with this scoring method. This point allocation is done at the completion of your play.
